Professional Summary

React Developer with 1.5+ years of experience building and maintaining production web applications. Proficient in **React.js, TypeScript, Redux Toolkit, and TanStack Query**, with hands-on experience in **REST API integration, real-time communication** using **SSE** and **WebSocket, reusable component** development, and frontend **performance optimization.**

Education

- **Jnan Vikas Mandal's Degree College** — Navi Mumbai, India
  Bachelor of Science - Information Technology; CGPA: 8.8 — *July 2020 - June 2023*

Skills

Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material UI, Responsive Design

State Management & Data Fetching: Redux Toolkit, TanStack Query (React Query), Context API

API & Real-Time Communication: REST APIs, Server-Sent Events (SSE), WebSocket

Frontend Engineering: Reusable Components, Custom Hooks, Code Splitting, Lazy Loading, Debugging

Backend & Databases: Node.js, Express.js, PostgreSQL, MySQL

Tools & Workflow: Git, GitHub, Postman, Hoppscotch, VS Code, Chrome DevTools, Vercel, Agile/Scrum

Experience

- **Arcitech** — Navi Mumbai, India
  React Developer — *Aug 2025 - Present*
  - Delivered **7+ production modules** across 3 client projects, including Marketplace, Admin Access/RBAC, Analytics & Charts, OCR/Document Processing, Book a Meeting, Voice Submission, and Assignment Management, using **React and TypeScript**.
  - Implemented interactive data visualizations using **Recharts** and integrated **Driver.js** to provide guided, step-by-step product tours for new users.
  - Integrated **30+ REST APIs** across projects using **TanStack Query and Redux Toolkit**, handling data fetching, caching, mutations, asynchronous state, and error handling.
  - Resolved **200+ bugs** in a single production project spanning UI, API, state-management, and integration issues, using root-cause analysis and browser debugging.
  - Optimized frontend performance through **memoization, controlled re-renders, code splitting, and lazy loading**, and developed **reusable components, custom hooks, and shared utilities** used across modules.
  - Implemented **SSE-based streaming** for AI-generated scorecard results and **WebSocket-based real-time features**, while integrating third-party services such as GreytHR, Hubstaff, Google Meet, email, and calendar.
  - Worked in Agile sprints with product, design, backend, and QA teams to ship and maintain features in production.
- **Webtales IT Solutions Pvt. Ltd.** — Navi Mumbai, India
  Frontend Developer Intern — *Jan 2025 - Jul 2025*
  - Built responsive client-facing interfaces with **React.js, TypeScript, Tailwind CSS, HTML5, CSS3, and jQuery**, translating business requirements into working features.
  - Converted **Figma and Adobe XD** designs into pixel-accurate, cross-browser-compatible layouts.
  - Created reusable React components that kept the UI consistent and reduced repeated code.
  - Fixed layout, responsiveness, and browser-compatibility bugs using Chrome DevTools, and collaborated with designers and developers through feedback cycles.

Projects

- **AI Interview Simulator** — **Live Demo**
  React.js, TypeScript, TanStack Query, Gemini API, Web Speech API, Express.js, Zod
  Built an AI-powered mock interview platform that generates role-specific questions and evaluates candidate responses using the Gemini API, with voice-based answer capture through the Web Speech API. Developed a React frontend and Express.js backend using TypeScript and Zod request validation, and deployed the application on Vercel.
- **Expense Tracker** — **Live Demo**
  React.js, TypeScript, Express.js, PostgreSQL, JWT, Recharts
  Developed a full-stack personal finance application for tracking income and expenses, implementing JWT-based authentication and RESTful APIs backed by PostgreSQL hosted on Neon. Built interactive Recharts dashboards to visualize spending trends and expense categories, deploying the frontend on Vercel and the backend on Render.

Achievements

Xcel Silver Club Certificate of Achievement, Arcitech (April 2026)
